PRECONDITION OF LIABILITY IS PROVABLE FAULT-FREE INSTALLATION. OUR PRODUCT LIABILITY INSURANCE OFFERS THE FOLLOWING WARRANTY:

10 years

With effect from the initial operation of the system in question we will provide compensation on top of the above-mentioned warranty up to a maximum amount of £3million per individual case up to an aggregate limit of £9million of damage providing the material damage and any subsequent connected damage has been caused by us due to the use of defective Ambiente piping.

65 years (following the 10 year period above)

With effect from the end of the 10 year period above, we will provide replacement pipes free of charge for our Ambiente pipes which become defective such that the damage can be proven to be our responsibility as a result of production or material faults. Piping joints are excluded from this declaration.

Included in this amount are the costs incurred for the removal of the defective piping supplied by our company which had been the subject of fault-free installation.

Our insurance partner for such circumstances is a highly respected German insurance company. The insurance protection is of a long-term nature, the cover offered under the terms of the policy will be provided in all justified cases.
